

SYNERGY 2027

CODEASTRA 2.0

BEYOND THE CODE

24-HOUR HACKATHON · 1st week of October · RGIT, Andheri West, Mumbai

WHAT IS CODEASTRA?

CodeAstra 2.0 is a 24-hour offline hackathon under Synergy 2027, bringing together students and young developers to build innovative, real-world technology solutions.

Unlike a traditional hackathon, CodeAstra goes beyond the code, challenging participants not only to build, but also to adapt, collaborate and solve under pressure.

📋 **₹2,00,000 Total Prize Pool** — ₹1,50,000 Main Prize Pool + ₹50,000 Convergence Prize

Web & Product
Development

AI & ML

IoT & Connected
Systems

Cybersecurity &
Digital Trust

WHY CODEASTRA 2.0?

CodeAstra 2.0 is designed to go beyond the traditional hackathon format, a 24-hour experience where participants are challenged to:

BUILD

Turn ideas into functional, real-world solutions.

ADAPT

Respond to unexpected challenges through the Chakravyūh.

COLLABORATE

Connect with teams from other domains through Convergence.

PROVE

Demonstrate the final product through a live, working demo.

Beyond the Code. Beyond the Expected.

THE FOUR DOMAINS

1

WEB & PRODUCT DEVELOPMENT

Build functional digital products, platforms and web applications that solve real-world problems.

2

AI & ML

Create intelligent solutions using artificial intelligence, machine learning, generative AI, computer vision, NLP and intelligent automation.

3

IoT & CONNECTED SYSTEMS

Bridge the physical and digital worlds through connected devices, embedded systems, sensors, real-time data and smart systems.

4

CYBERSECURITY & DIGITAL TRUST

Build secure systems and explore cybersecurity, privacy, digital identity, threat detection and trusted digital infrastructure.

THE CODEASTRA JOURNEY

PHASE 01 — ONLINE SELECTION

Registration → Idea Submission → Screening →
Shortlisting

1

2

PHASE 02 — LAUNCH (0 HR)

Check-in → Opening → Briefing → Problem Reveal

PHASE 03 — BUILD

Ideation → Development → Testing → Mentorship

3

4

PHASE 04 — TITLE SPONSOR ROUND

Challenge → Brand Integration → Innovation →
Showcase

PHASE 05 — TRIAL & REWARD

Challenge → Adapt → Perform → Earn

5

6

PHASE 06 — CONVERGENCE

Collaborate → Integrate → Demonstrate (₹50,000
Prize)

PHASE 07 — FINAL BUILD

Refine → Test → Deploy → Submit

7

8

PHASE 08 — FINAL LAUNCH (24 HR)

Live Demo → Jury Q&A → Evaluation → Results

From the first idea submission to the final live demo — every phase of CodeAstra 2.0 is designed to push teams further, faster, and beyond what they thought possible in 24 hours.

TITLE SPONSOR CHALLENGE

THE TITLE SPONSOR ROUND

A dedicated challenge inspired by the Title Sponsor's brand, values, products, services or identity. Teams will be given a challenge that requires them to think beyond their primary problem statement and create a solution aligned with the sponsor's ecosystem.

1

UNDERSTAND

Grasp the core problem and sponsor's vision.

2

INNOVATE

Devise creative and relevant solutions.

3

BUILD

Translate concepts into functional prototypes.

4

PRESENT

Showcase the solution's impact and alignment.

The challenge will be revealed during the hackathon, giving teams an opportunity to engage directly with the Title Sponsor and explore a real-world problem from their perspective.

Special Recognition / Prize for the Winning Team

TRIAL & REWARD

During the 24-hour hackathon, teams will face a domain-specific challenge designed to test their ability to adapt, think under pressure and strengthen their solution.

4 Domains → 4 Trials → 4 Rewards

The exact nature of the trial and reward will be revealed during the hackathon.

THE TRIAL

A challenge is introduced during the build phase, requiring teams to adapt their existing solution within a limited timeframe.

THE REWARD

The best-performing team in each domain earns a strategic advantage that can give them an edge in the final stage of the hackathon.

CONVERGENCE

Two Teams. Two Solutions. One Integrated Outcome.

Teams are paired with another team, preferably from a different domain, to collaborate and integrate a meaningful component of each other's solution into their own system.

THE CHALLENGE

Collaborate → Integrate → Adapt → Demonstrate

Both teams must successfully incorporate the other's component and demonstrate how the collaboration strengthens their solutions. Evaluated on quality of integration, technical execution, innovation and value created through collaboration.

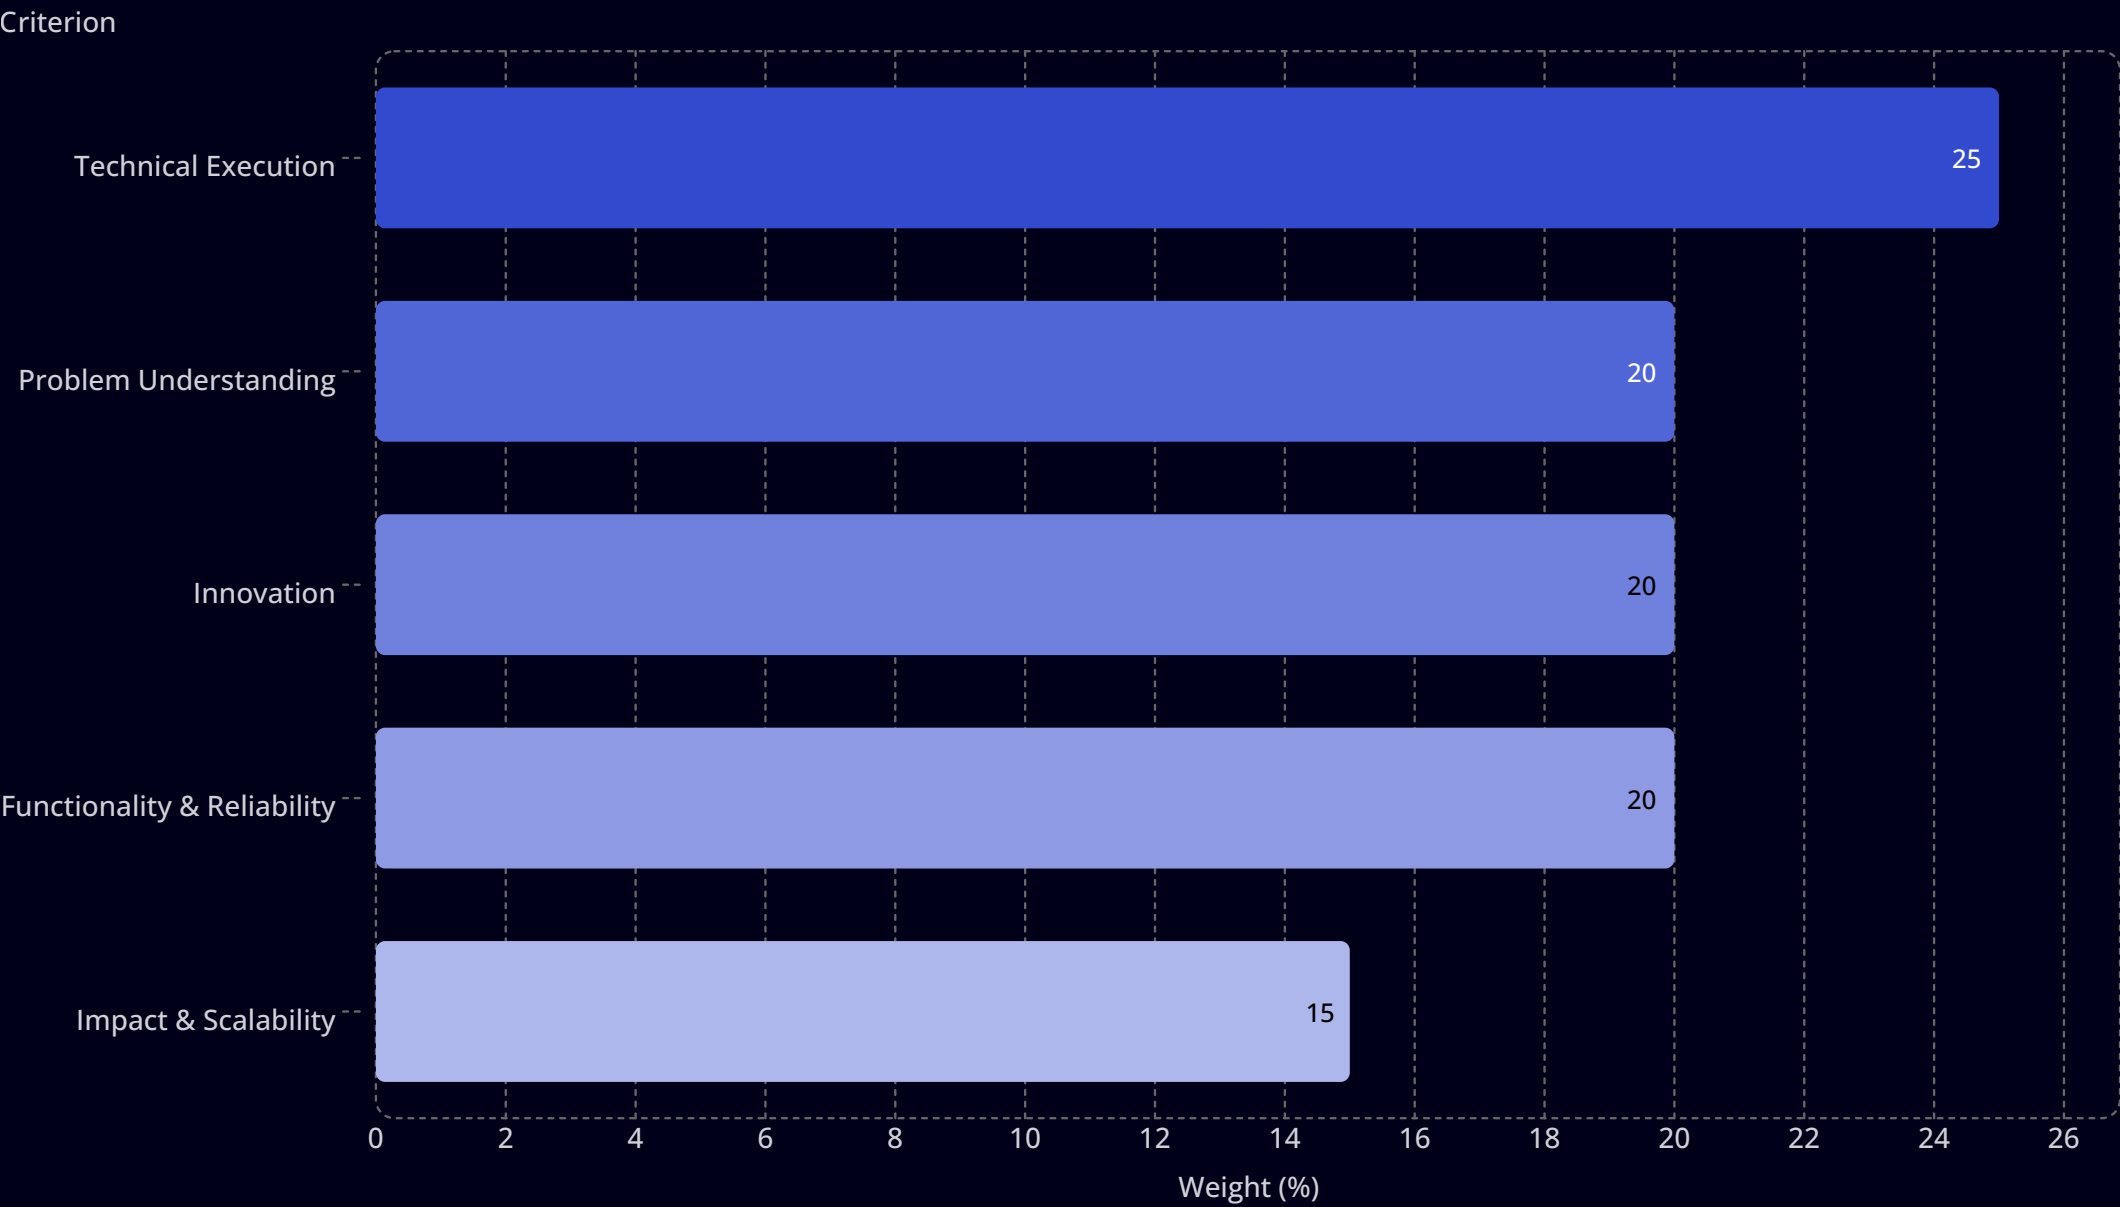

₹50,000 CONVERGENCE PRIZE

₹25,000 per winning team

JUDGING & WINNING

JUDGING CRITERIA

THE MAIN PRIZE

₹90K

🏆 1st Place

₹40K

🥈 2nd Place

₹20K

🥉 3rd Place

📄 + ₹50,000 Convergence Prize · ₹2,00,000 Total Pool

THE EXPERIENCE

CodeAstra is designed to be more than a 24-hour coding session — it is an experience built around building, learning, competing and connecting.

MENTORSHIP

Access to mentors and technical guidance throughout the hackathon.

TECHNICAL SUPPORT

Resources and assistance to help teams overcome technical roadblocks.

MUSIC & JAMMING

An evening session to step away from the screens, recharge and connect with fellow participants.

COMMUNITY

Interact with participants, mentors, judges and industry professionals across domains.

LIVE DEMONSTRATION

Bring your solution to life and present it directly to the jury at the end of the 24 hours.

Build together. Learn together. Go beyond the code.

JOIN CODEASTRA 2.0

READY TO GO BEYOND THE CODE?

- Bring your idea.
- Build your solution.
- Adapt when the challenge changes.
- Collaborate beyond your domain.
- And prove what you can build in 24 hours.

₹2,00,000 TOTAL PRIZE POOL

₹1,50,000 Main Prizes + ₹50,000 Convergence Prize
